Date: 15th December, 2023

Conclusion 7 (I)

Council noted:

1. the State Action on Business Enabling Reforms (SABER) programme introduced to sub-national level across the nation;
2. that the programme is Performance for Results (PforR) with the main objective of enhancing the ease of doing business in the State and is for a duration of three (3) years with (2) main Components: Eligibility Criteria and Disbursement Link Indicators with deliverables and timelines;
3. that as part of the eligibility criteria, each sub-national is required to select a priority area and implement it accordingly;
4. that the production of State Business Enabling Reform Action Plan (BERAP) was selected as the year 2023 priority area;
5. that for Year 2024, the priority area identified for reform is "Optimizing Revenue performance of third party agents through the use of Information Technology in Oyo State to improve the revenue of the State and achieve the following targets:
 - i. control reckless and illegal erection of third party billboards;
 - ii. curtail false claim by the third party clients;
 - iii. reduce response time between request and approval of site location;
 - iv. improve monitoring and evaluation of third party client performance; and
 - v. improve the aesthetic of environment.
6. that the Ministry of Budget and Economic Planning in conjunction with the Oyo State Signage and Advertisement Agency (OYSAA) and relevant private sector groups in the area of outdoor advertisement jointly produced the plan for implementation as required by the programme's verification protocol as the Business Enabling Reforms Action Plan for Year 2024;
7. that that implementation of the Action Plan is attached to Disbursement Link Indicator (DLI 5) tagged "Increased Transparency of official fees and procedures" with a credit of \$2million;
8. that the estimated cost of implementing the proposed Action Plan is Seventy-Five Million Naira (N75,000,000.00) to cover enumeration of site and location of billboards, establishment of database for all third parties, establishment of information technology unit, upgrading of ICT facilities and training of ICT officers, and integration of the database with the proposed State Geographic Information System.
